22/02370/HHFUL Delegated	Proposed two storey and single storey rear extension: 14 Dovecote Lane Yaxley	The Parish Council is happy to support this application - the owner has been very generous to his neighbour - amending his design to satisfy all of his requests.
23/00102/FUL Delegated	Retrospective front entrance alteration only: 93A Main Street Yaxley	<p>The Parish Council objects to the application on the following grounds:</p> <ol style="list-style-type: none"> 1. The existing signage is not fit for purpose - we have photos showing that it is currently damaged; 2. The property is in a Conservation Area - has CAC been sought? 3. Being in a CA and close to Listed Structures around The Green, we would expect, as a minimum, that the historic corbelling detail should be visible/maintained, with any signage being wall mounted between same (we have photos of the original/underlying detail and there is an available area for any signage), and not placed to obscure all of this detailing. 4. Please note that drawing 003 is confusing as it seems to have the corbels on the front elevations in the wrong position (possibly due to the use of 3rd angle projection) so the space for the signage is less than indicated. <p>Happy to provide photos.</p>
23/00134/HHFUL Delegated	Proposed single storey outbuilding to rear garden: 3A Windsor Road Yaxley	<p>The Parish Council does not support this application as it is certainly an overdevelopment of the site - being a full width building right up against the neighbours to the rear - we are concerned that none of the submitted drawings include the closest neighbouring properties in Badger Close. The Architect includes a typo in his covering letter making finding the withdrawn application slightly harder to find and the building is still 3150mm high (lower than the original at 3800, but still too high).</p> <p>As suggested originally, by HDC, to the applicant, the building needs a flat roof and, being an alleged 'garden room', does not need an internal ceiling height of 2500mm (especially as the Architect says that due to the large footprint of the building it needs such a height to make it well proportioned). We therefore suggest they therefore change to a flat roof, lower ceiling height and a smaller footprint.</p>

YAXLEY PARISH COUNCIL PLANNING COMMITTEE
